WHY KOHLER

*Life without labor is guilt.
Labor without art is brutality.*

- John Ruskin

People have been turning to Kohler for help with kitchen design for more than a century. The reputation we've earned for innovative design and uncompromising quality is certainly a large part of the reason why. But perhaps even more important is the holistic approach we take to creating kitchen sinks and taps.

We study how people work in the kitchen, research material and color trends, and develop technologies to enhance efficiency.

Our goal isn't just to manufacture beautiful sinks and taps – it's to bring you products that streamline your workflow, complement your appliance and surface choices, and make your kitchen a comfortable, easy place to be.

Introducing
Cairn® Kitchen Sinks

Deep Basin

Kohler Neoroc Sinks

Clutter-free stashing
Pots, pans and dishes are easily stacked in the roomier sink.

Smart height
Our sinks were ergonomically designed to prevent poor posture, shoulder, neck and back pain.

Keep it Clean
The deep basin can hold a large number of plates for a tidy overall look and appearance of the kitchen.

More Efficient Washing
Easily soak and wash pots, pans and dishes, in a deeper space without creating a mess.

9"

THE BOLD LOOK OF **KOHLER**

Soft French Curves

Offers transitional style to suit contemporary and traditional kitchens alike

Deep Basin

Provides a generous workspace

Rich, deep and vibrant color palette

Complements every kitchen

MATTE BLACK

MATTE GRAPHITE

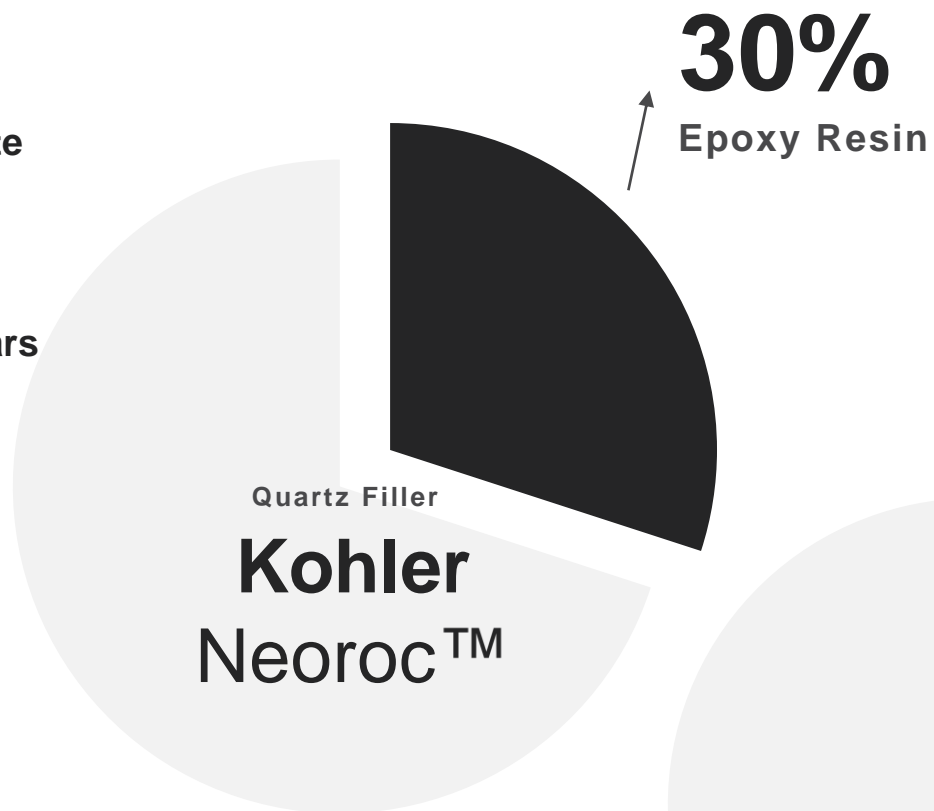

Neoroc™

KOHLER's **proprietary** matte composite kitchen sink material in India

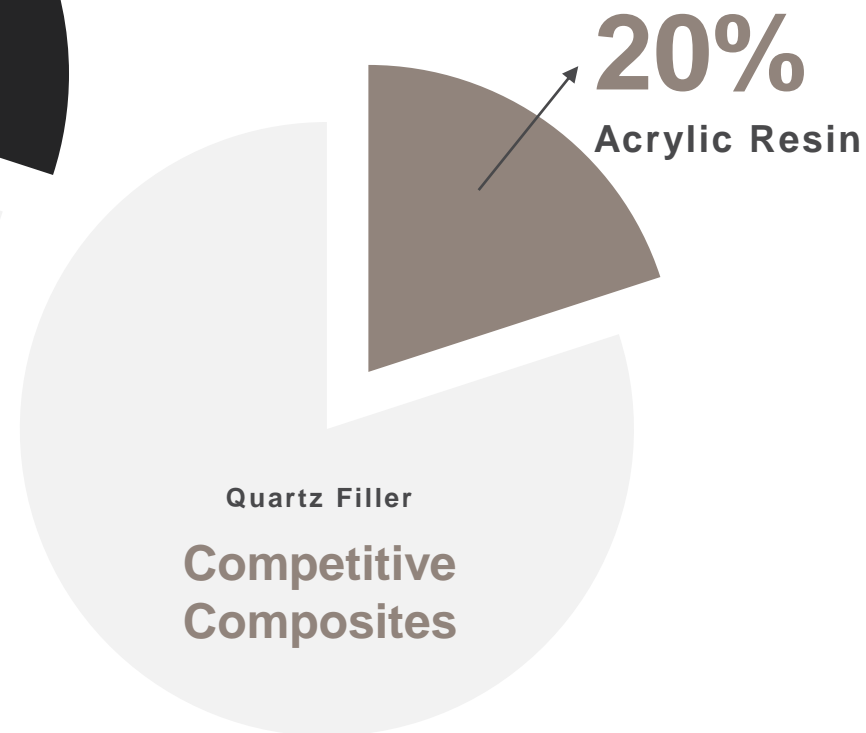

Neoroc™

- Exceptionally durable Neoroc™ composite material
- As Solid as a rock
- You can rest assured it will stand up to years of kitchen tasks.

What is it made of?

Fine quartz particles (filler) and Strong Epoxy Resin

MORE ADHESIVE = STRONGER SINK

KOHLER's **proprietary** matte composite kitchen sink material in India

2x Impact Resistant

Absorbs the impact of falling pots and pans

1.4x Heat Resistant

Withstands temperatures up to 398°C

Stain Resistant

Easy to clean; just give it a quick swipe with a sponge

Neoroc™

Product Range

Cairn® Apron Sink

Features

Timeless Elegance

Celebrates a sleek and short apron which adds a timeless elegance to your kitchen

Intentionally Rustic

Lived-in, and full of patina.

Minimalist Vibes

At its core, it's meant to replicate the minimalist vibes of the antique homes that once dotted farms across the country.

Apron Front

It also features an exposed, front-facing side that's comfortable to lean against and prevent water damage to cabinets

Self-Trimming® apron

The Self-Trimming® apron design makes it easy to retrofit existing 36" cabinetry

Increased Workspace

Offset drain increases workspace in the sink and storage space underneath.

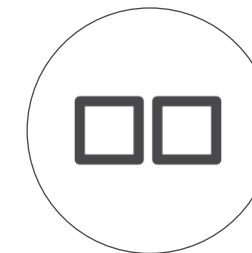

Cairn® Undermount Double Offset Sink

Slim Divide

Creates more space.

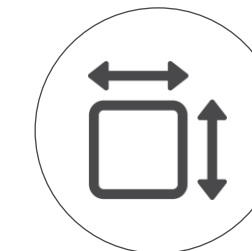

Allows complete submersion of pots and pans.

Versatile

Large/medium bowls

Allows large bowl to be installed on the right or left

Length: 851 mm

Width: 465 mm

Height: 257 mm

Rear Drain

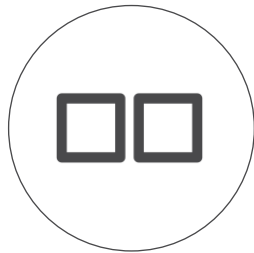

Cairn® Undermount Double Equal Sink

Slim Divide

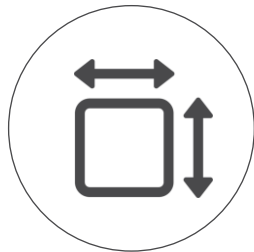

Creates more space.

Allows complete submersion of pots and pans.

Functional Double Bowl

Allows you to prep as well as rinse at the same time

Length: 851 mm

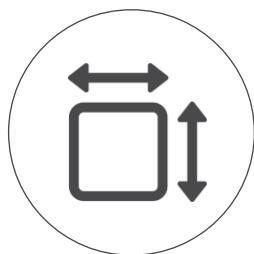

Width: 465 mm

Height: 257 mm

Rear Drain

Cairn® Undermount Single-bowl Sink

Length: 851 mm

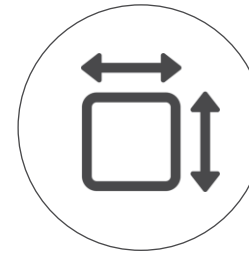

Width: 465 mm

Height: 257 mm

Offset Drain

Cairn® Undermount Single bowl Sink

Length: 622 mm

Width: 465 mm

Height: 259 mm

Cairn® Entertainment Sink

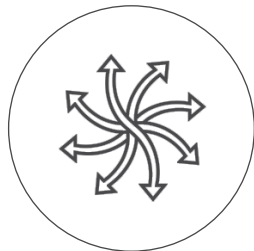

Chilling and Serving

Specifically designed for chilling and serving drinks.

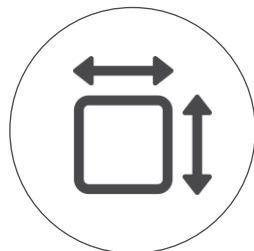

Luxurious Design

Aesthetic appeal suitable for showcasing

Versatile Placement

Adaptable beyond the kitchen, suitable for living rooms, outdoors, and kitchen islands.

Length: 394 mm

Width: 394 mm

Height: 257 mm
